

+1HOLD'EM

+1Hold'Em

+1HOLD'EM is a single deck Texas Hold'Em poker game that use a regular deck of 52-card which is shuffled after each hand. Players play the house and not other players in this variant. Subject to the dealer qualifying, it is a straight contest between the dealer's hand and the players.

+1HOLD'EM also has an extra card called the **+1CARD**. This additional card is dealt faceup before the **FLOP**. Player can combine their 2-hole cards, the **+1CARD** and the five community cards to make their best five-card poker hand.

There is also an optional **+1BONUS** sidebet which the player must place an **+1BET** in the wagering area (**+1BONUS**) of the layout and allows them to acquire a payout whether their hand loses or wins.

Once the players have finished placing the initial bet and the side bet (optional), the dealer can now deal the initial two cards face down and the **+1CARD** face up.
